

Proof of Vaccine Card FAQs

Member Specific, updated October 4, 2021

When will proof of vaccine be required?

Starting on September 13th, individuals aged 13 and older will be required to have at least one dose of an approved COVID-19 vaccine to access our Health and Fitness spaces (studios, gymnasium, fitness floors, and walking track) excluding our pools. By October 24th, those individuals will then be required to have a second dose of an approved COVID-19 vaccine. The public health order does not allow for any exemptions.

What forms of proof will be accepted?

For adults, we will require a BC Vaccine Card and a piece of valid government photo ID, for example:

- B.C. driver's licence or BC Services Card
- Passport
- Photo ID issued by another province or territory

Please note proof of vaccine is required for ages 13-18 but no ID will have to shown.
